

SOUNDS FAMILIAR?

- 1 Do you feel a sudden, urgent need to urinate, followed by accidental leakage?
- 2 Urine leakage is brought on by quick movements or pressure, such as from coughing or laughing?
- 3 Is incontinence frequent or affecting your quality of life?

IF YOU ANSWERED “YES” TO ANY OF THESE, IT’S TIME FOR **EMSELLA!**

BECAUSE INTIMATE WELLNESS IS FOR EVERYONE

“ I like that I can keep my clothes on, there are no pharmaceuticals. I am really glad that something like this exists, because frankly with the problem that I have, I got a solution – The Emsella! ”

Peter, 52

WHO IS THE RIGHT CANDIDATE FOR Emsella?

EMSELLA is a great option for men of any age who desire solution for urinary incontinence and improvement in their quality of life.

HOW LONG IS THE TREATMENT? HOW MANY SESSIONS DO I NEED?

Your provider will tailor a treatment plan for you. A typical treatment takes about 30 minutes and you will need 6 sessions, scheduled twice a week.

WHAT DOES THE PROCEDURE FEEL LIKE? IS IT PAINFUL?

You will experience tingling and pelvic floor muscles' contractions during the procedure. You may resume daily activities immediately after the treatment.

HOW FAST WILL I SEE RESULTS?

You may observe improvement after a single session. The results will typically continue to improve over the next few weeks.

INFECTIONS, PROSTATE CANCER OR STRESS HAVE A NEGATIVE IMPACT ON YOUR INTIMATE HEALTH.

BEFORE

Pelvic floor muscles insufficiently support pelvic organs and affect bladder control.

TREATMENT

EMSELLA effectively stimulates pelvic floor muscles and increase blood flow.

AFTER

Stimulation leads to regained control over pelvic floor muscles and bladder.
